REFLECTIONS

"HOPING IN THE LORD"

The word "hope" is positive. Hope tells us there is a chance of something happening. Biblical hope goes far beyond that. When somebody says that they hope something happens, it means they know it could happen or it may not. Biblical hope is expectant anticipation. That means we know the promises from God will come to pass, we just don't always know how or the timeline.

Hoping in the Lord means that we do not have to worry. It means that we trust Him with our life and understand that His ways are always for our good. Now, that does not mean we will never face adversity in this life, we will; It does mean that we will never have to face adversity alone; God is always with us.

The Hebrew word translated "hope" is "Tikvah," which carries the meaning of anticipation. It also means cord or rope, which comes from a root word meaning bind or wait on. So, we see how our hope in the Lord is binding and our wait is not in vain. If God said it, it is so!

Friends, always know God is for us and not against us. He has blessings for us we cannot even imagine. All we need to do is put our hope in Him!
