CAN EVERYONE SING?

Do you believe that everyone can sing? Does any and everyone who has a voice possess the ability to sing a song? This question is well worth investigating because it has such bearing on our worship and spiritual well-being.

The bible says, "Speaking to one another in psalms and hymns and spiritual songs, singing and making melody in your heart to the Lord, giving thanks always for all things to God the Father in the name of our Lord Jesus Christ" (Ephesians 5:19-20). It is a well-established fact that singing is to be a part of our worship to God. But time and time again we hear some say, "I don't sing out loud during the worship because I don't have the ability, but I do make melody in my heart." However, we must ask, "Why would God demand we do something that everyone doesn't have the ability to do?"

Voice is considered an instrument, and most people have the ability to learn an instrument, so the same holds true for voice. This means there are very few people who couldn't learn to sing if they tried. Surprising, there is an absence of articles or explanations on why people have an inability to sing. It is true that some natural ability comes into play and some of us don't have the vocal range that others have but it would seem to reason that development of your singing voice is no different than learning to ride a bike, play ball or shooting a gun, it just takes practice.

Can everyone sing? Yes, if you have the ability of speech, you also have the ability of song. Isn't that exciting? Isn't it a comfort to know that God hasn't placed a command upon us that we all can't comply with? I want to encourage you to sing in our worship together. You'll receive such a blessing while actively participating in the worship of our Heavenly Father. You can now comply with the Psalmist when he said, I will declare Your name to my brethren, in the midst of the assembly I will sing praise to You." (Psalm 22:22; Hebrews 2:12)
